LEGAL FRAME WORK

Land Acquisition

1. The Land required for the Bangalore suburban railway project (BSRP) is being acquired under Karnataka Industrial Areas Development Act 1966 (KIADA). The Act facilitates development of industrial infrastructure, communication, transport, technology parks and townships. Under KIADA, land can be acquired for industrial area which includes infrastructure facilities. "Industrial infrastructure facilities" means "facilities which contribute to the development of industries established in industrial areas such as research and development, communication, transport, banking, marketing, technology parks and Townships for the purpose of establishing trade and tourism centres". The establishment of Suburban Railway network helps in facilitating movement of professionals and workers of various industries in the city in efficient and sustainable manner.
2. As per the provisions of KIADA, the government notifies the lands required for BSRP project as industrial area for purpose of industrial infrastructural facility. Thereafter, preliminary notification conveying intention to acquire the land is issued inviting objections from land owners and interested persons. Their objections, if any, are heard and considered by the land acquisition officer in a formal enquiry, and thereafter final decision is taken by the government to acquire the land or otherwise including extent of the acquisition. Once a final notification for the acquisition is published, the land vests with the government.

Compensation

3. In all the cases, the land is proposed to be acquired through consent award and compensation is paid as per the following norms:
 - a Guideline Value or Market Value of land, whichever is higher, and market value of structures assessed by approved valuers;
 - b 100% solatium on (a) above; *
 - c 12% per annum additional market value.

*** /If any land owner does not agree for consent award, normal award is passed under the norms of KIADA wherein 100% solatium as per the Karnataka Industrial Area Development (amendment) ACT, 2022 vide notification no. DPAL 8 SHASANA 2022, BEBGALURU DATED: 05.04.2022) is provided. In the case of normal award, the land owner can approach the court for enhancement of compensation. / ***

Grievance Redressal Committee

4. An efficient grievance redress mechanism is put in place to assist the PAPs and resolve their queries and complaints. The GRC addresses grievances relating to Rehabilitation issues both for title holders and non-title holders and also grievances relating to Community and Environmental issues. Issues relating to ownership rights and land compensation are dealt in civil courts.

Resettlement Action Plan Implementation Team

5. In order to implement and monitor RAP effectively, a Social and Environmental Management Unit (SEMU) has been constituted in K-RIDE

Monitoring and Evaluation

6. A robust monitoring and evaluation (M & E) mechanism is to be established to provide feedback to project management which will help keep the resettlement on schedule and make it successful.

Resettlement of Project affected Persons

7. **Guiding Principles:** Resettlement & Rehabilitation activities of BSRP will be governed by the following general principles:

- i. In general, land acquisition will be under taken in such a way that no project affected person, with or without formal title, will be worse off after land acquisition;
- ii. KRIDE will pay compensation for land and structures it acquires based on the principles of full replacement cost.
- iii. All activities and procedures will be formally documented;
- iv. The property and inheritance rights of project affected persons will be respected;
- v. If the livelihood of the project affected persons without formal title depends on the public land that they are using, they will be assisted in their effort to improve their livelihood.
- vi. If project affected person, without legal title, is not satisfied with the above decisions, they can approach the grievance redressal committee.
- vii. In cases where land is needed on a temporary basis, project affected persons who have formal title will be compensated to the assessed fair rental price for the period during which the land is used and the land will be returned in the same condition or better as compared to its condition before it was rented.

- viii. If resettlement is unavoidable in addition to the payment of fair market value for all land and immovable property, project affected persons will be provided assistance in-relocation and other related expenses (i.e., cost of moving, transportation, administrative costs etc.)
- ix. These rights do not extend to individuals who commence any activities after cutoff date of the project.
- x. The compensation and eligible resettlement and rehabilitation assistance will be paid prior to taking over of land and other assets for construction purpose.
- xi. All project affected persons (private and public, individual and businesses) entitled to be compensated for land acquired and losses. Structures or damages will be offered compensation and assistance in accordance with the provisions of this CRP. Those who accept the compensation amount will be paid prior to taking possession of their land or assets. Those who do not accept it, will to have their grievance registered or referred to the Grievance Redressal Committee (GRC)/ courts as appropriate.
- xii. While acquiring land through KIADB no taxes / fees is payable by landowners. However, where KRIDE purchases the land directly in view of exigencies of the project, the stamp duty and registration charges will be paid by KRIDE.
- xiii. Wherever community assets are acquired, the same will be restored by KRIDE.

RESETTLEMENT AND REHABILITATION PROCESS

- 8. All attempts will be made during the final execution of the project to minimize the land acquisition, resettlement and adverse impacts on people in the project area through suitable engineering design. The assessments however reveal that the project involves minimal land acquisition.

ELIGIBILITY AND ENTITLEMENTS

- 9. The Compensation and Resettlement Package has been formulated based on the guiding principles followed by KRIDE. The details of financial support for various categories of project affected persons are contained in the table below.
